SOLAR ON EAU CLAIRE SCHOOLS

An Eau Claire Alumnus's vision

The Solar on Schools Project for Wisconsin has a goal to install solar arrays on up to 100 schools across the state within the next 4 years. Cal Couillard, a 1970's Memorial grad, has a vision to see Memorial and North High Schools lead the way to achieve this goal, with no cost to the Eau Claire Area School District

Solar on Schools

The nonprofits Couillard Solar Foundation (CSF) and Midwest Renewable Energy Association started the Solar on Schools Project. The CSF will subsidize solar PV array installations on K-12 Wisconsin Public Schools with these major goals:

- Education
- Transition to renewable energy
- Shared community work towards a clean, sustainable environment
- Promote career awareness and occupational pathways in environmental sciences

The project is entirely funded from private donations and will cost the district nothing, while providing about \$20,000 per year in district savings.

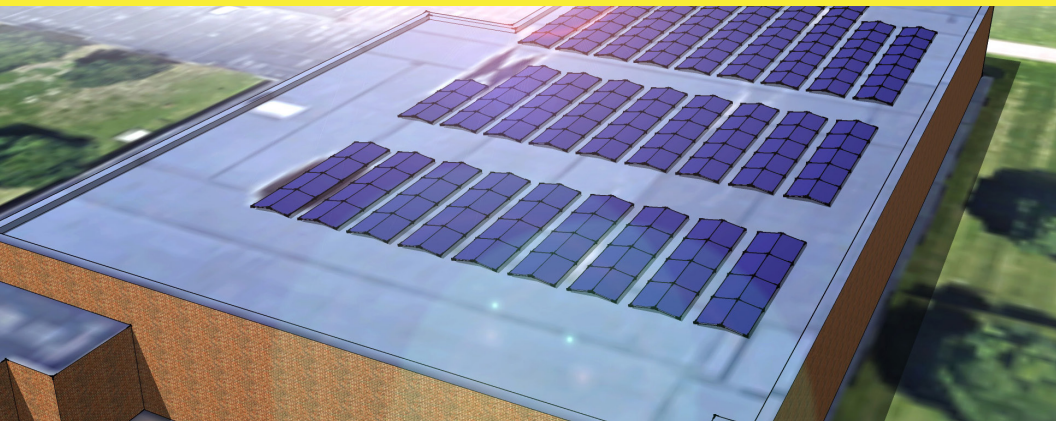

Solar on Eau Claire Schools

100 kilowatt solar arrays will be installed on both North and Memorial High Schools, 360 panels on each. Both buildings are excellent solar sites.

Fundraising Goal

Half of the solar panels for both schools have been donated by the Couillard Solar Foundation. If our fundraising goal is reached, the other half of the solar panels needed will be donated by an anonymous donor. \$250,000 - \$275,000 in funds will be raised to cover the costs of mounting and electronic equipment, labor of installation, and long-term maintenance. The Solar on Eau Claire Schools Fundraising Committee is seeking community support to fund these remaining costs of the two solar arrays.

Educating Our Students

Students at North and Memorial will be able to monitor performance of all aspects of these solar arrays for use in their science, technology, engineering, and math classes (STEM). They will also be able to share information and curriculum between schools, as well as with Chippewa Valley Technical College Energy Education Center.

How Can I Help?

How Can I Make a Tax-Deductible Donation?

Online at www.ecpsfound.org/make-donation

Or send a check to the Eau Claire Public Schools Foundation at **ECPSF, PO Box 511, Eau Claire, WI 54702.**

If you want to talk to someone about a gift through an IRA rollover or would like to make a gift of stock, call **715-852-3015** or email sarahfrench@ecpsfound.org
